

## TENNIS CRACKS COME ON CHIYO, READY FOR PLAY

Griffin and Dawson Will Begin  
Practise at Once for Doubles on Thursday

Fresh from a string of victories in the Orient, Clarence Griffin and Ward Dawson arrived in Honolulu this morning on the Chiyo Maru. Both players looked in condition to go into the tournament at once, and inasmuch as their work was of a high order in the recent Manila tournament, it is expected that the two visitors will play a prominent part in the court activities here.

Clarence Griffin with William Johnson holds the doubles tennis championship for 1915, and last year ranked in the first 10 with the stars of the United States. Griffin's work during the past year brought him from a place in the second 10 to a point right up with Johnson, Williams, McLoughlin and Behr.

Ward Dawson is one of the stars of the year, and while at school in California proved to be a sensation, playing in the same circles as Murray and Davis. Owing to the fact that he had not participated in the required number of tournaments he was not given a place by the ranking committee.

The visitors stated today that they had good luck in the tournament at Manila. Griffin and Dawson won out in the finals of the doubles by great work in team play. In the finals of the singles Griffin lost out to Kumikaze, the great little Japanese player who has come to the front by leaps and bounds.

The visiting tennis players were very pleased to hear that Beals Wright was in the city, as the former champion has always been popular with the present tennis stars. Griffin and Dawson will begin work at once to get in shape for the doubles play which opens on Thursday afternoon at the Pacific courts. The visiting players were met at the dock by A. L. Castle, chairman of the tennis committee.

### START-TO FORM NEW COMPANY AT WAILUKU

Captain O. J. Whitehead has sworn in at Wailuku 29 men, the nucleus of a third company of National Guard of Hawaii which is to be formed there. Either A. Garcia or V. C. Schoenberg, it is said, will command the new company.

The machine gun company at Puunene and Company C of the Maui Infantry regiment were sworn in last week.

### FATHER OF SIX NEEDS WORK IN CITY OR HE MAY LOSE HIS SIGHT

Who has a job for a half-blind Portuguese, with an abscessed jaw? The Associated Charities are supporting him and his wife and six children now. He has done plantation work all his life and is anxious to go back where he can earn his own living, but the charities organization wants to keep him where he can have proper care for his eye and jaw for a year, for there is danger of his other eye going blind if it is not attended to. He requires constant care and is too negligent of his own and his family's welfare to be trusted to carry out a doctor's instructions without being looked after. If you know of any way that he can earn his own living—and he is not a lazy man—call up the Associated Charities.

## FILIPINOS HAVE NO RIGHT IN GUARD—WILDER

Governor Pinkham has "not a word to say" regarding A. A. Wilder's charges that money spent for the relief of Filipino members of the National Guard is being used illegally. Saturday afternoon he declared that a public statement regarding what the territory had done for the alleviation of the condition of some of the unemployed men on the islands might be ready today. He is still awaiting some figures from R. A. Kearns, commissioner of immigration, he said.

Judge Wilder said today that not only are the Filipinos fed by illegal use of territorial funds, but that they have no right to belong to the National Guard anyway, since they are neither citizens nor eligible to become citizens. He quotes law to prove his point.

Auditor J. H. Fisher had a word or two to say on the matter, though. Judge Wilder declared in the letter in which his charges were made public that there was an undated resignation of the auditor's office, and intimated that he was controlled by the governor through the resignation. "There is no resignation of mine in the hands of the governor, or anyone else," declared Mr. Fisher this afternoon. "In the 14 years I've been in office I've never written a resignation. What is more, an undated resignation from me is not necessary. If I'm not wanted here I'll go in a minute. There would not have to be more than an insinuation that my resignation was wanted and it would be in the hands of the governor."

Wilder's charges, made Saturday, have aroused a deal of comment, but no one has yet made a statement supporting him. The attorney-general rendered an opinion declaring the setting aside of an appropriation for the support of unemployed members of the guard to be within the legal rights of the commissioner of immigration and Wilder's charge that they cannot be supported by public funds, which require the recipients of benefits to be "indigent and unemployed," because they are members of the National Guard is held to be "more quibbling."

Brig.-gen. Samuel I. Johnson declared that although meal tickets were distributed to needy members of the guard and charged against the governor's fund, the Filipinos were not favored.

In order to obtain these tickets, he added, a militiaman must be out of work and out of money, actually hungry and willing to work. A certain amount of work about the Armory is done by the men and every effort is made to obtain employment for them through the free employment agency conducted by the guard.

"The law provides that the commissioner of immigration, which in this case happens to be I, shall administer this money with the approval of the governor," said Ralph A. Kearns, territorial commissioner of immigration, this afternoon. "In this instance, the feeding of National Guard members, I received directions to do so from Governor Pinkham. I outlined the plan to the governor, and consulted with him. I have no discretion in the matter, as I am only a disbursing officer in such a case."

## VAUGHAN DENIES OZAWA'S RIGHT TO BE CITIZEN

In a short but conclusive brief filed in federal court today, District Attorney Horace W. Vaughan gives the reasons of the government why Takao Ozawa, a local Japanese, should not be admitted to American citizenship.

The government contends that Ozawa is not eligible for naturalization, and that his petition should be denied, for the reason that he is not a "free white" person or a person of African descent or nativity. In addition to this, several cases are cited wherein aliens, including three Japanese, have been denied citizenship.

A. White, a 25th Infantryman; William Collins, J. Blake, J. Whitfield and C. Carson, discharged colored soldiers, were acquitted of a charge of gambling brought against them in the police court Saturday, for lack of evidence. The men were arrested in Corkscrew lane early Saturday morning. The statement previously published that they were fined was an error.

### DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil-food in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs.
